# Enhancing sales with Velando Quick Loader

## Product features

- New E6 cabinet design
- Two rows of doors
- Reduced refrigeration load
- Energy saving fans fitted as standard
- Vertical LED lighting fitted as standard
- New High Efficiency Frame technology
- Triple-glazed passive doors
- Telescopic basket drawers for base section
- 25 mm shelf spacing

## Product advantages

- Double-door concept, higher evaporating temperature and High Efficiency Frame technology
- Fast and easy loading of merchandise
- Greater volume, more useful display area
- Energy savings thanks to the new design
- Sales boosting presentation of merchandise
- Maximum floor space productivity
- Clearly improved ergonomics for merchandiser and consumer
- Optimal illumination of merchandise
- Can be combined with the new wall-freezer cabinet Velando E6
- "Buying zone" and "volume area" ideally combined in one cabinet design
- Clearly improved focus on merchandise as a result of black colored glass door frames

## Give your frozen food section a NEW LOOK with the Velando QL Double-door freezer

Available in four lengths and two heights

## With two rows of doors for modern ergonomics

Use of the **upper** door:  
For sales from shelves and base section (consumer)  
For loading the goods on the shelves (store staff)

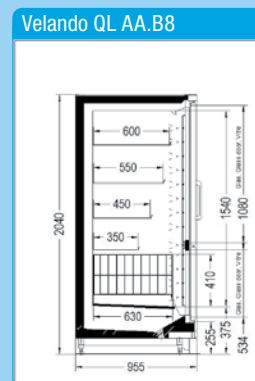

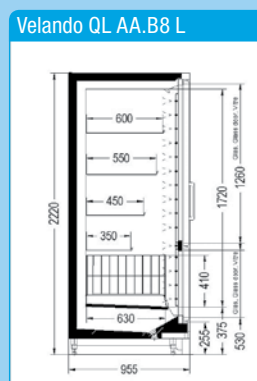

Use of the **lower** door:  
For fast and easy loading only

## Accessories (examples)

- Horizontal LED for canopy and base section
- Spacer between the basket drawers for further energy savings and to avoid goods falling between baskets
- Dividers for base basket in tilted display
- Doors in black all-glass design
- Panoramic glazed end walls
- Merchandise feed system to maximize product visibility
- Additional display shelves
